From the Lodge to the Lighthouse
We're striving for a healthier Hyde

Luana C. Gibbs, RN, BIS
Health Director

COVID-19 UPDATE

For immediate release

March 26, 2021

If you are following us on FaceBook, you know that we have no active cases of COVID-19 as of today. Cases have waned over the past several weeks, and vaccine administration has waned over the last couple of weeks. We need to continue to vaccinate.

To date, Hyde County has 24.3% of its total population fully immunized from COVID-19; however 38.1% of our population is partially immunized. In fact, as of March 24, ***Hyde County was the top rated vaccinated county in North Carolina!!!***

If you want information about the vaccine, such as vaccine types, side effects, schedules of administration, please contact us on our main phone line, 252-926-4399. If you want an appointment for your shot, please call 252-926-4474. We are providing the vaccine to **ANYONE 18 YEARS OF AGE AND OLDER.**

Please continue to practice the 3 Ws. Together we can make a difference.

For 24/7 on-call services, dial 1-866-462-3821, the Coronavirus Hotline.
